THE JARGON PAGE

**THIS PAGE IS TO TRY AND HELP YOU THROUGH ANY LITTLE KNOWN TERMS WE'VE USED IN THE SURVEY.
IF THERE IS SOMETHING THAT YOU DON'T UNDERSTAND AND IT'S NOT MENTIONED ON THIS PAGE PLEASE
CONTACT THE MAYLAND PARISH CLERK, JACQUI MASSENHOVE ON 01621 743551**

THERE ARE A NUMBER OF DIFFERENT TYPES OF HOUSING WHICH CAN BE CONFUSING, THIS IS AN ATTEMPT TO EXPLAIN WHAT THE TERMS MEAN.

SHARED OWNERSHIP:	This is where you part buy, part rent your home. In a typical Housing Association example you would start off owning 40% of the equity and paying rent on the remaining 60% with the option of buying a greater share of the equity when you can afford to do so. You need to have either the cash to buy the equity share or be able to raise a mortgage. If you need to raise a mortgage you will need a deposit plus your buying costs to do so.
SHARED EQUITY	There are a number of types of shared equity housing. Often you will own the freehold, and another party will also have an interest in the value of the home such as through an equity loan arrangement. (You will have paid less than the market value for your home). Where such housing is provided as affordable housing, there will be a restriction on the price, occupation and resale. If you need to raise a mortgage you will need a deposit plus your buying costs to do so.
AFFORDABLE RENTED	This is where you pay less than the market rent to a housing association or similar organization. The rent is no more than 80% of the current market rents. Affordable rented housing has replaced 'Social Housing' where rents were 50-60% of market rents. Some existing council or housing association properties are still rented at these levels.
SELF BUILD	This is where you are directly involved in the construction of your own home, this can be individually or as a group. The extent of your involvement will be decided by the type of scheme. Self build can be for rented housing, but it is normally some form of ownership. If a home is considered affordable you will need to have an affordable housing need. If you need to raise a mortgage you will need a deposit plus your buying costs to do so.
OWNER OCCUPIED	Owner-occupied (or private enterprise in the case of house building statistics dwellings i.e. financed and built by private developers for owner occupiers or private landlords, whether persons or companies). This includes accommodation that is owned outright or is being bought with a mortgage.
PRIVATE RENTAL	Rented privately, defined as all non-owner-occupied property other than that rented from local authorities and housing associations plus that rented from private or public bodies by virtue of employment. This includes property occupied rent-free by someone other than the owner. New build privately rented dwellings will be included in the house building private enterprise figures.

OTHER JARGON EXPLAINED

HOUSEHOLD	In general we use the National Statistics harmonised survey definition of a household, which is: One person or a group of people who have the accommodation as their only or main residence AND (for a group) either share one meal a day, or share the living accommodation, that is, a living room or sitting room. The occupant(s) of a bedsit who do not share a sitting or living room with anyone else comprise a single household.
